## Summary

I am a Computer Science and Engineering student with a strong passion for technology and problem-solving. Over time, I have built a solid foundation in programming and gained hands-on experience through various projects that have sharpened my technical skills. I enjoy working in team settings, learning from others, and contributing to shared goals. I believe in constantly improving myself, both personally and professionally, and I'm always excited to take on challenges that push me to grow and make a meaningful impact.
